

Plate Gum MS

Plate Gum for offset plates (Concentrate)

Product Usage

Plate Gum for offset plates for use in plate processors and manual use

Features and Benefits

- **universal use: for manual and in plate processors**
- **very economical: dilution with water up to 1:2**
- **good spreading over the plate - efficient protection of the oxide surface**
- **easy removable from the plate without residues - good ink receiptiveness**
- **good pH buffering with soft acidity - fast roll-up of the plate**
- **permanent elastic - no peel off from the plate after long storage**

Packaging

10/20 Liter can

Directions

For manual use: apply undiluted or add 10-30% of water

For use in plate processors: dilute 1:1 up to 1:2 with water

Technical Specifications

- form: liquid
- Density: 1,048 g/cm³
- Color: light brown
- Odour: caramel-like
- Water miscible: yes
- pH value: 4,5
- labelling: NO

Storage and Shelf Life

Storage: not under 6°C, not above 40°C

Shelf Life: 12 months

Keep container tightly closed

Keep away from direct sun light
